## Munro PVC Basket Strainers

Designed to protect your pump system for the long haul in moderately dirty water, the Munro PVC Basket Strainers will keep grass clippings, algae, and other water-borne debris from clogging the pump and sprinkler system components. Corrosion-free 6-mesh PVC screen is more durable than steel.

- Corrosion-free 6-mesh PVC screen is more durable than steel
- With five sizes available, there is a strainer to fit all but the largest pump systems

Approx. Wt. Lbs.	Total Height	Outside Diameter	Screen Mesh	Intake Size	Model Number
4.8	10"	10.25"	240 sq in	2"	MBSB200
