

Munro PVC Foot Valves 1 1/4" - 10"

Ideal for quick pump priming, Munro foot valves offer rapid closure to prevent back flow of water. While cast iron foot valves can rust, introducing contaminants, our high quality, non-corrosive PVC foot valve includes stainless steel internal parts for long life and low maintenance.

- All parts are easily replaceable
- Stainless steel components: assembly bolts, springs
- EPDM gasket

Size in	Design	Approx. Weight lbs	Connection Style	Working Pressure psi	Set Up	Model Number	
1 1/4	Spring Loaded	1	Threaded	150	Multi-Positional	FV125T	
1 1/2		1				FV150T	
2		2				FV200T	
3		3 1/2				FV300T	
4	Flapper	6 1/2			Vertical Only	FV400T	
6		15				FV600T	
1 1/4	Spring Loaded	1	Socket Weld		150	Multi-Positional	FV125S
1 1/2		1					FV150S
2		2					FV200S
3		3 1/2					FV300S
4	Flapper	5 1/2				Vertical Only	FV400S
6		15					FV600S
8		33					FV800F
10		39					FV1000F

Replacement parts available.

Dimensions		
A	B	Model Number
2"	6 1/4"	FV125T
3"	8"	FV150T
3"	8 1/4"	FV200T
5 1/2"	11 1/4"	FV300T
